

For Higher Education Teachers

LEARNING REFORMER – ONLINE TRAINING

Excellent Online program

This Excellent Online program is based on Finnish Education Expertise. This program will give your practical tools to renew your pedagogical thinking and you as a teacher. Become a reformer, who leads the way in education sector!

Information about the Learning Reformer –
[Online training program](#)

- Students will get a certificate from a Finnish university (JAMK)
- If students will continue to study in Finland, they will benefit from this program
- Target group: this program is focusing for higher education teachers & TVET teachers
- Online program contains 5 sessions and each session has 3 to 5 videos and written materials
- Students will be awarded 10 credits (equivalent to 10 ECTS)
- If this program is done together with local tutors, it is 20 credits (ECTS) as developing papers are added to the studies
- All sessions are planned to help the students to develop and renew their own way of working as a teacher, to be a learning reformer not just delivering information
